### REMARKS

Reconsideration of the above-referenced application is respectively requested in view of the above amendments and these remarks. Claims 1-5, 7, 9-16 and 19-21 are currently pending.

As a part of the Notice of Allowance, an Examiner's Amendment was entered retaining claim 18. As indicated in the Remarks of Amendment filed May 15, 2006, the limitations of claim 18 are incorporated into claim 12 and should therefore be deleted. In order to make the claims consistent, applicants have cancelled claim 18 and amended claim 19 to correct its dependency. These corrections to the claims are of a formal nature and require no substantial amount of additional work on the part of the United States Patent and Trademark Office. No new matter is entered by this Amendment.

The Examiner is respectfully requested to consider the proposed amendments and to enter this Amendment under Rule 312 prior to issuance of the patent. If there are any remaining issues that need to be addressed in connection with this Amendment, the Examiner is requested to telephone Applicant's undersigned attorney.

Please charge any fees associated herewith, including extension of time fees, to 50-2117.

Respectfully submitted,  
Tell, Daniel F. et al.
